

#### HOMEWORK:

bring an extra plate or cup or silverware to the next meeting  
sheena will find a carbon calculator

#### PRINTER CARTRIDGES

kate will talk to chris keating

#### INCONVENIENT TRUTH

nov 17 and 19th, with Prof. Ray Pierrehumber hosting a Q&A session AFTER the movie on sunday. the sunday matinee starts at 2:00pm.

#### COMPUTERS

dan will send out an email when he finds out when rsit wants to meet about saving energy and double sided printing.

library computing is working on how to reduce energy use. updates to follow.

#### IMPROVING CAMPUS DINING

julia will be the point person for this and will be meeting with dan and ted to discuss ideas before meeting with someone from campus dining.

some ideas so far:

[informinc.org](http://informinc.org)

--incentives for bringing own cups

making dining more bon appetit-ish

--<http://www.grist.org/comments/interactivist/2006/10/23/ganzler/>

--<http://www.grist.org/biz/tp/2005/09/06/cafeteria/index.html>

---talk to vegan society and kristin

look into digester feasibility

quantify pierce and bj food waste (look at compost contract)

cups at tables?

food map (where your food comes from), how much fuel it takes

#### WORK DAY AT JACKSON PARK

11 or 12 of november...watch out for an email from megan or REI

#### NATIVE PLANTS

next week meeting with REI about expanding the native plants garden and writing the grant with ali.  
look out for an email from ali about when the meeting will be.

#### DOWNTOWN MEETING

Thursday October 26 (this thursday)

from 1 to 2pm

at the city department of the environment

these people are going:

allison

zoe

sheena

april

kellin

kate

ali

christina
